# Employee Handbook

## 1. About the Company

Nimbus Orbit Technologies Pvt. Ltd. is a software services company founded in 2014. Its head office is in Pune, Maharashtra, and it has a development centre in Bengaluru. The company builds cloud and data products for clients in retail, logistics and healthcare.

The company employs around 420 people. It is managed by a leadership team that reports to the Board of Directors.

Our values are ownership, honesty, customer focus and continuous learning. Every employee receives an annual learning budget of INR 20,000 for courses, certifications and books related to their role, approved by the reporting manager.

New joiners attend a two-day induction programme in their first week. It covers the company's products, these policies, the HRMS portal and information security basics. Each new joiner is assigned a buddy from their team for the first 90 days.

This handbook explains the working rules that apply to every full-time employee. Separate documents describe the Leave Policy, the IT Security Policy and the Travel and Expense Policy.

Nimbus Orbit Technologies Pvt. Ltd. is a fictional company created for a student project. These policies are sample documents for testing a RAG chatbot.

## 2. Working Hours and Hybrid Work

Standard office hours are 9:30 AM to 6:30 PM, Monday to Friday, including a one-hour lunch break. Core hours, when every employee must be available for meetings, are 11:00 AM to 4:00 PM.

The company follows a hybrid model. Employees must work from the office at least three days a week. Tuesday and Thursday are fixed office days for all teams; the third day is agreed with the reporting manager.

Work on a weekend or a public holiday must be approved in advance by the reporting manager and is compensated with one compensatory off day, which must be used within 30 days.

## 3. Attendance

Attendance is recorded with the biometric system at the office entrance, and through the HRMS portal on work-from-home days.

Monthly attendance percentage is calculated as the number of days present divided by the number of working days in the month, multiplied by 100. Approved leave and official travel days are counted as present.

Arriving more than 15 minutes after 9:30 AM is recorded as a late mark. Three late marks in one calendar month are converted into a half-day of leave.

Employees whose monthly attendance falls below 85 percent for two consecutive months will have a review meeting with HR.

## 4. Code of Conduct

Employees are expected to treat colleagues, clients and partners with respect. Harassment or discrimination of any kind is not tolerated and should be reported to the Internal Committee.

The dress code is business casual from Monday to Thursday. Fridays are casual dress days. Formal wear is required for client visits.

Employees must declare any conflict of interest, such as a family member working for a competitor or a client, to HR within 15 days of becoming aware of it.

Gifts from clients or vendors worth more than INR 2,000 must be declared to the Compliance team.

Employees must not share confidential company or client information on social media. Only the Marketing team may speak to the press on behalf of the company.

Concerns about unethical behaviour can be raised confidentially through the whistleblower channel managed by the Ethics Committee. Retaliation against anyone who raises a concern in good faith is a serious violation of this code.

## 5. Probation, Reviews and Notice Period

New employees are on probation for six months from the date of joining. The probation period may be extended once by up to three months.

Performance reviews take place twice a year, in April and October. Salary revisions are announced after the April review cycle.

The notice period is 60 days for confirmed employees and 30 days during probation. Unused earned leave may not be adjusted against the notice period.

On the last working day, employees must return the laptop, ID card and access card to the IT and Admin teams.
